Goals

- * Explore and communicate ideas related to teaching with technology;
- * Identify and use the components of an argument;
- * Writing that expresses authority and expertise;
- * Recognize writing as a purposeful and iterative process.

- * Imagine yourself as a materials making teacher;
- * Utilize UDL and Reciprocal Teaching Strategies to build a supportive book;
- * When was a time you persisted, felt a sense of belonging, or were open to new ways of thinking?

- * What is diversity?
- * Why do teachers need to recognize diversity?
- * Explore the different ways in which people are diverse.
- * Curate artifacts that express a range of diversity.

- * Explore the different roles of a teacher
- * What are different models in each role that you recognize?
- * What are different models in each role that you aspire to?

- * Explore the different roles of a teacher
- * What are different models in each role that you recognize?
- * What are different models in each role that you aspire to?

Throughlines

How can technology be a tool for teaching?

How do I see my role as a teacher with technology?

How do I see the relationships between teaching, technology, and me?
